Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: applicant discussed proposed amendments, specifically, the inclusion of the limitation of chambers replaceable elements by detachement of the units from the fluid analyzing apparatus. Applicant's also proposed including an independent claim including a zig-zag configuration of the chambers. While the Office noted that the proposed amendments appeared to overcome the current rejections, further consideration and search would be necessary to determine the patentability of the claims..
